Our Sincere Thanks

Dedication

Words cannot express our appreciation for the various contributions that the Parents' Club has made to the student body and the school. To show how much we respect and honor our Parents' Club, we wish to dedicate the 1961 ECHO to those parents who have worked so hard to make our school life as enjoyable as it has been. Because you were there when we needed you most, we give to you the most precious gift we have to offer . . . the dedication of a year of work, a year of memories . . . our yearbook.

Foreword

Here is your book! We, the Echo Staff, have had it for almost a year, and now it is yours.

This record of the activities of 1960-1961 is a memorial that we will treasure all of our lives.

The Echo Staff would like to express their sincere appreciation for the co-operation given us by each faculty member and each student.

We hope that you will enjoy the 1961 Echo as much as we have enjoyed publishing it.

Nanty-Gloville 1981

After being away from Nanty-Glo for some time, I decided to return and see the changes that had taken place concerning my former classmates. Upon arriving, the first place I visited was the local high school, and to my amazement I found a new building and a few new teachers. Tom Leonard is the history teacher and head coach. Toni Merlo has introduced a new subject in school—HUMOR. Al Lindrose has the task of reconstructing the chemistry lab after Tom Whinnie blew it up. Norman Funyak is in the Foreign Language Dept. although no one has found out what language he is teaching. Rose Varesak is in charge of the Art Dept. Jerry Martin, a new typing teacher, has limited typing to only girls. On my way out, I stopped in to see the principal, Jim Popp. He told me that he had selected Delores Rudolph out of fifty applicants to be school nurse. I wonder why?? Charlotte Chopper is now teaching accounting and shorthand in an all boys' high school in northern New York. Don Hawksworth has been a professor of Law at Harvard for the past ten years. Paul McMullen is the principal of an all girls' high school in southern Georgia. Jim Millward is an exchange teacher in Cuba to insure good human relations.

Having completed my little chat with Jim, I continued my journey. The next place of interest was the Journal office. Entering, I found Karen Burch working as receptionist and editor of the gossip column. I asked her if I could look through the old Journals to see if there was any news of our old classmates. I came across many familiar names. Doctor Winnie Mallin, along with her assistants, Barbara Barr as head nurse and Lois Schmidt as medical technician, are now in Africa teaching the headhunters a new method of shrinking heads. I also read that in 1968 Nancy Artko, now a model, won the Miss America Pageant. Sandra Kinash is married to a famous singing star, and is on a world-wide tour. Mike Sebetich is star halfback for the Pittsburgh Steelers and he has his own private nurse, our former Linda Edwards, waiting on the sidelines. I read that Bob Funyak, test pilot for the Air Force, had tested the latest rocket into outer space. Mary Kozorosky and Steve Molnar have just received Oscars for their portrayal of Ma and Pa Kettle. Cathy Byich has taken over Dear Abby's column. Jack Eakman is now a famous trumpet player with Lawrence Welk's Band. Paul Deskevich has been assigned by President Dave Barsda to the post of ambassador to Russia. Ron Adams has won the Nobel Peace Prize in Science for his discovery of the therapy for feeble-mindedness. Mike Cavanaugh owns a prospering 'ruby' mine in Africa. John Matejovich has worked his way up to become president of Kaiser Steel. Bob Kopchick and Barry Sergent have broken the speed record at Indianapolis by going around the track at 300 miles per hour. Don Deetscreek has become manager of the Cincinnati 'Reds.' Harry Werts, the world famous quacker, has been signed up as 'Baby Huey' in Disney's latest movie. Joanne Henshaw is in Hollywood where she plays "little girl" roles, and is really making money. Dave Golias has solved his 25th case for the F.B.I. Connie Fresch, wife of a famous guitarist, has her own mansion in Beverly Hills. Maryetta Koscho's orphanage in California is a great success, with a thousand children in its enrollment. Mike Sowalla's autobiography "School Days" sold a million copies. Pete Polosky is in Africa introducing Paris fashions to the natives.

Karen and I talked for a while after we had completed the stack of old Journals, and she told me that Ann Louise Witychak is a private secretary for a general in the Marines. Simone Mc-Kavish, having spent 20 years as an Air Force nurse, is in the process of retiring. Paul Lefko is the captain of his own football team; he has 11 boys. Franc Myers is star reporter for the Johnstown Tribune. Ben Kupchella now has his own disc-jockey show on TV—Channel 100. Joanne Gavel is head cheerleader at U.C.L.A. Darlene Donaldson's wish has finally come true, Elvis has asked her to marry him. Louise Palenscar has won the award for being America's quietest woman. Darlene Sekerak is Fred Astaire's dancing partner, and her first show is being televised from Vintondale. After 20 years of service in the W.A.F., Judy Wyar and Irene Davis have been raised to the rank of sergeant. Donna Zamboni is now manager of the Capitol theater. Karen also told me that Janet Olstein, Carol Peterman, and Joyce Anderson took over the television program "The 3 Stooges" and call it "The 3 She Stooges."

Upon leaving the Journal office, I continued up the street.

Stopping at the corner and waiting for the light to change, I met Don Saghy, head of Nanty-Glo's one-man police force.

After crossing the street, I entered the new hospital donated by the multimillionaire Mike Kinney, and found Bernice Summers working as receptionist. Bernice took me on a tour of the hospital, and on the journey I saw Nancy Smith as head nurse in the men's ward. Later Bernice told me that the veterinary hospital next door was run by Teresa Golias. She also said that Donna Barr had finally found a method of making sodium chloride (salt?) completely harmless. And also that Peggy George has revealed her secret for red hair—marry a blond. She has four children and they all have red hair.

It was now lunch time and I decided to go to the place I had known as the K & B, but which now is called Walker's Welcome Wagon, run by Bill Walker himself. While I was waiting for my lunch, Bill told me of a few of our other classmates. Joe Lewis now owns a noiseless fingernail clipper factory. Jim Divido is a professional basketball player for Syracuse. Joe Stock is president of a nation-wide Lonely Hearts Club. Francis Buige owns taverns in all parts of the world, selling his own brew. Having made his third billion Wayne McMullen has decided to retire and live off the interest from his investments. Victor Nicklow is making a career of the Army. John Soulsby, working for Auto-Manufacturers, Inc., has designed the most brilliant car to come off the assembly line in years; it is run by mental telepathy. Bob Ray has completed his 20 years in the service as PFC and is retiring. Marty Kaschall is water boy at U.C.L.A. Shank Kotelnicki is owner of a pool room on Cardiff Road.

Completing my lunch, I continued through the town. As I walked, I saw that Joan Marie Smith, wife of our history teacher, has opened her own dress designing shop. Charles Varljen has taken over the drugstore on the corner and calls it "Charlie's Fix All." I decided to have my hair set, and as I entered the beauty parlor, I found the owner to be Rae Ann Reese. We started talking and she knew of a few more of our classmates. She stated that Gerry Gavel is playing her hot sax with Ray Conniff. Carolyn Mickey is happily married to a man seven foot, four inches tall. Judy Augostosky is now living in Strongtown and is also happily married. Ann Marie Janosik has the largest barbershop in Nanty-Glo. Joanne Kormas and Linda Chiappini are working for the government in Washington, D. C., and both have announced their engagements to their respective bosses. Judy Ruby is now the manager of the Chilcott Bean Corp. Nancy Nicklow is a trapeze artist for a traveling circus. Donna McPhee (Mrs. Thomas) came in just then and told us that she and Dave were very happy with their five boys.

Leaving the shop, I took a short trip through Vintondale to see if any of our classmates were still around. Sure enough, while walking down the street, I happened to glance into the barber shop and to my surprise, I saw Robert Pytash, the new barber, specializing in Yul Brynner haircuts. What?? For girls!! I entered a newsstand, and here I found Jim Shandor as the owner. Purchasing a paper, I turned to the sports page and read that Mike Glowa, at long last, got his 'dear.' There was also a little ad in the corner of the page stating—Get Your Hot Cars Here! Frank Oravec, used car dealer. Dave Martin made the headlines with his discovery of a new love potion #10.

Steve Kovach pulled over in his new sports car and offered me a ride. Over the radio we heard that Eddie Misner is holding revival meetings—Come one—Come all!!! Steve drove me to the house of Vintondale's celebrity, Donna Reed, who stars in her own TV show. We asked about Daniel 'Boone' Dusza, and she informed us that the years haven't changed him. He is still exploring the wilderness for whatever bargains he can find. Also that Kathy Jacobs had become so enthusiastic about her career that she is still unmarried.

On the way home, we were stopped for speeding by the new town policeman, Charlie McPherson. Since he was one of our old classmates, he let us go with a warning. After talking with him for a while we left. What's this?? Annamae Oravec is running down the alley picking up cats. And there goes Inez Biondo down the street after that dog!! What's going on?? I was later informed that the two girls are running a joint dog-cat kennel, giving homes to all the poor strays.

This concluded my journey and through this journey I had happily seen or heard of many of my former classmates.

AND SO ANOTHER ECHO COMES TO AN END.

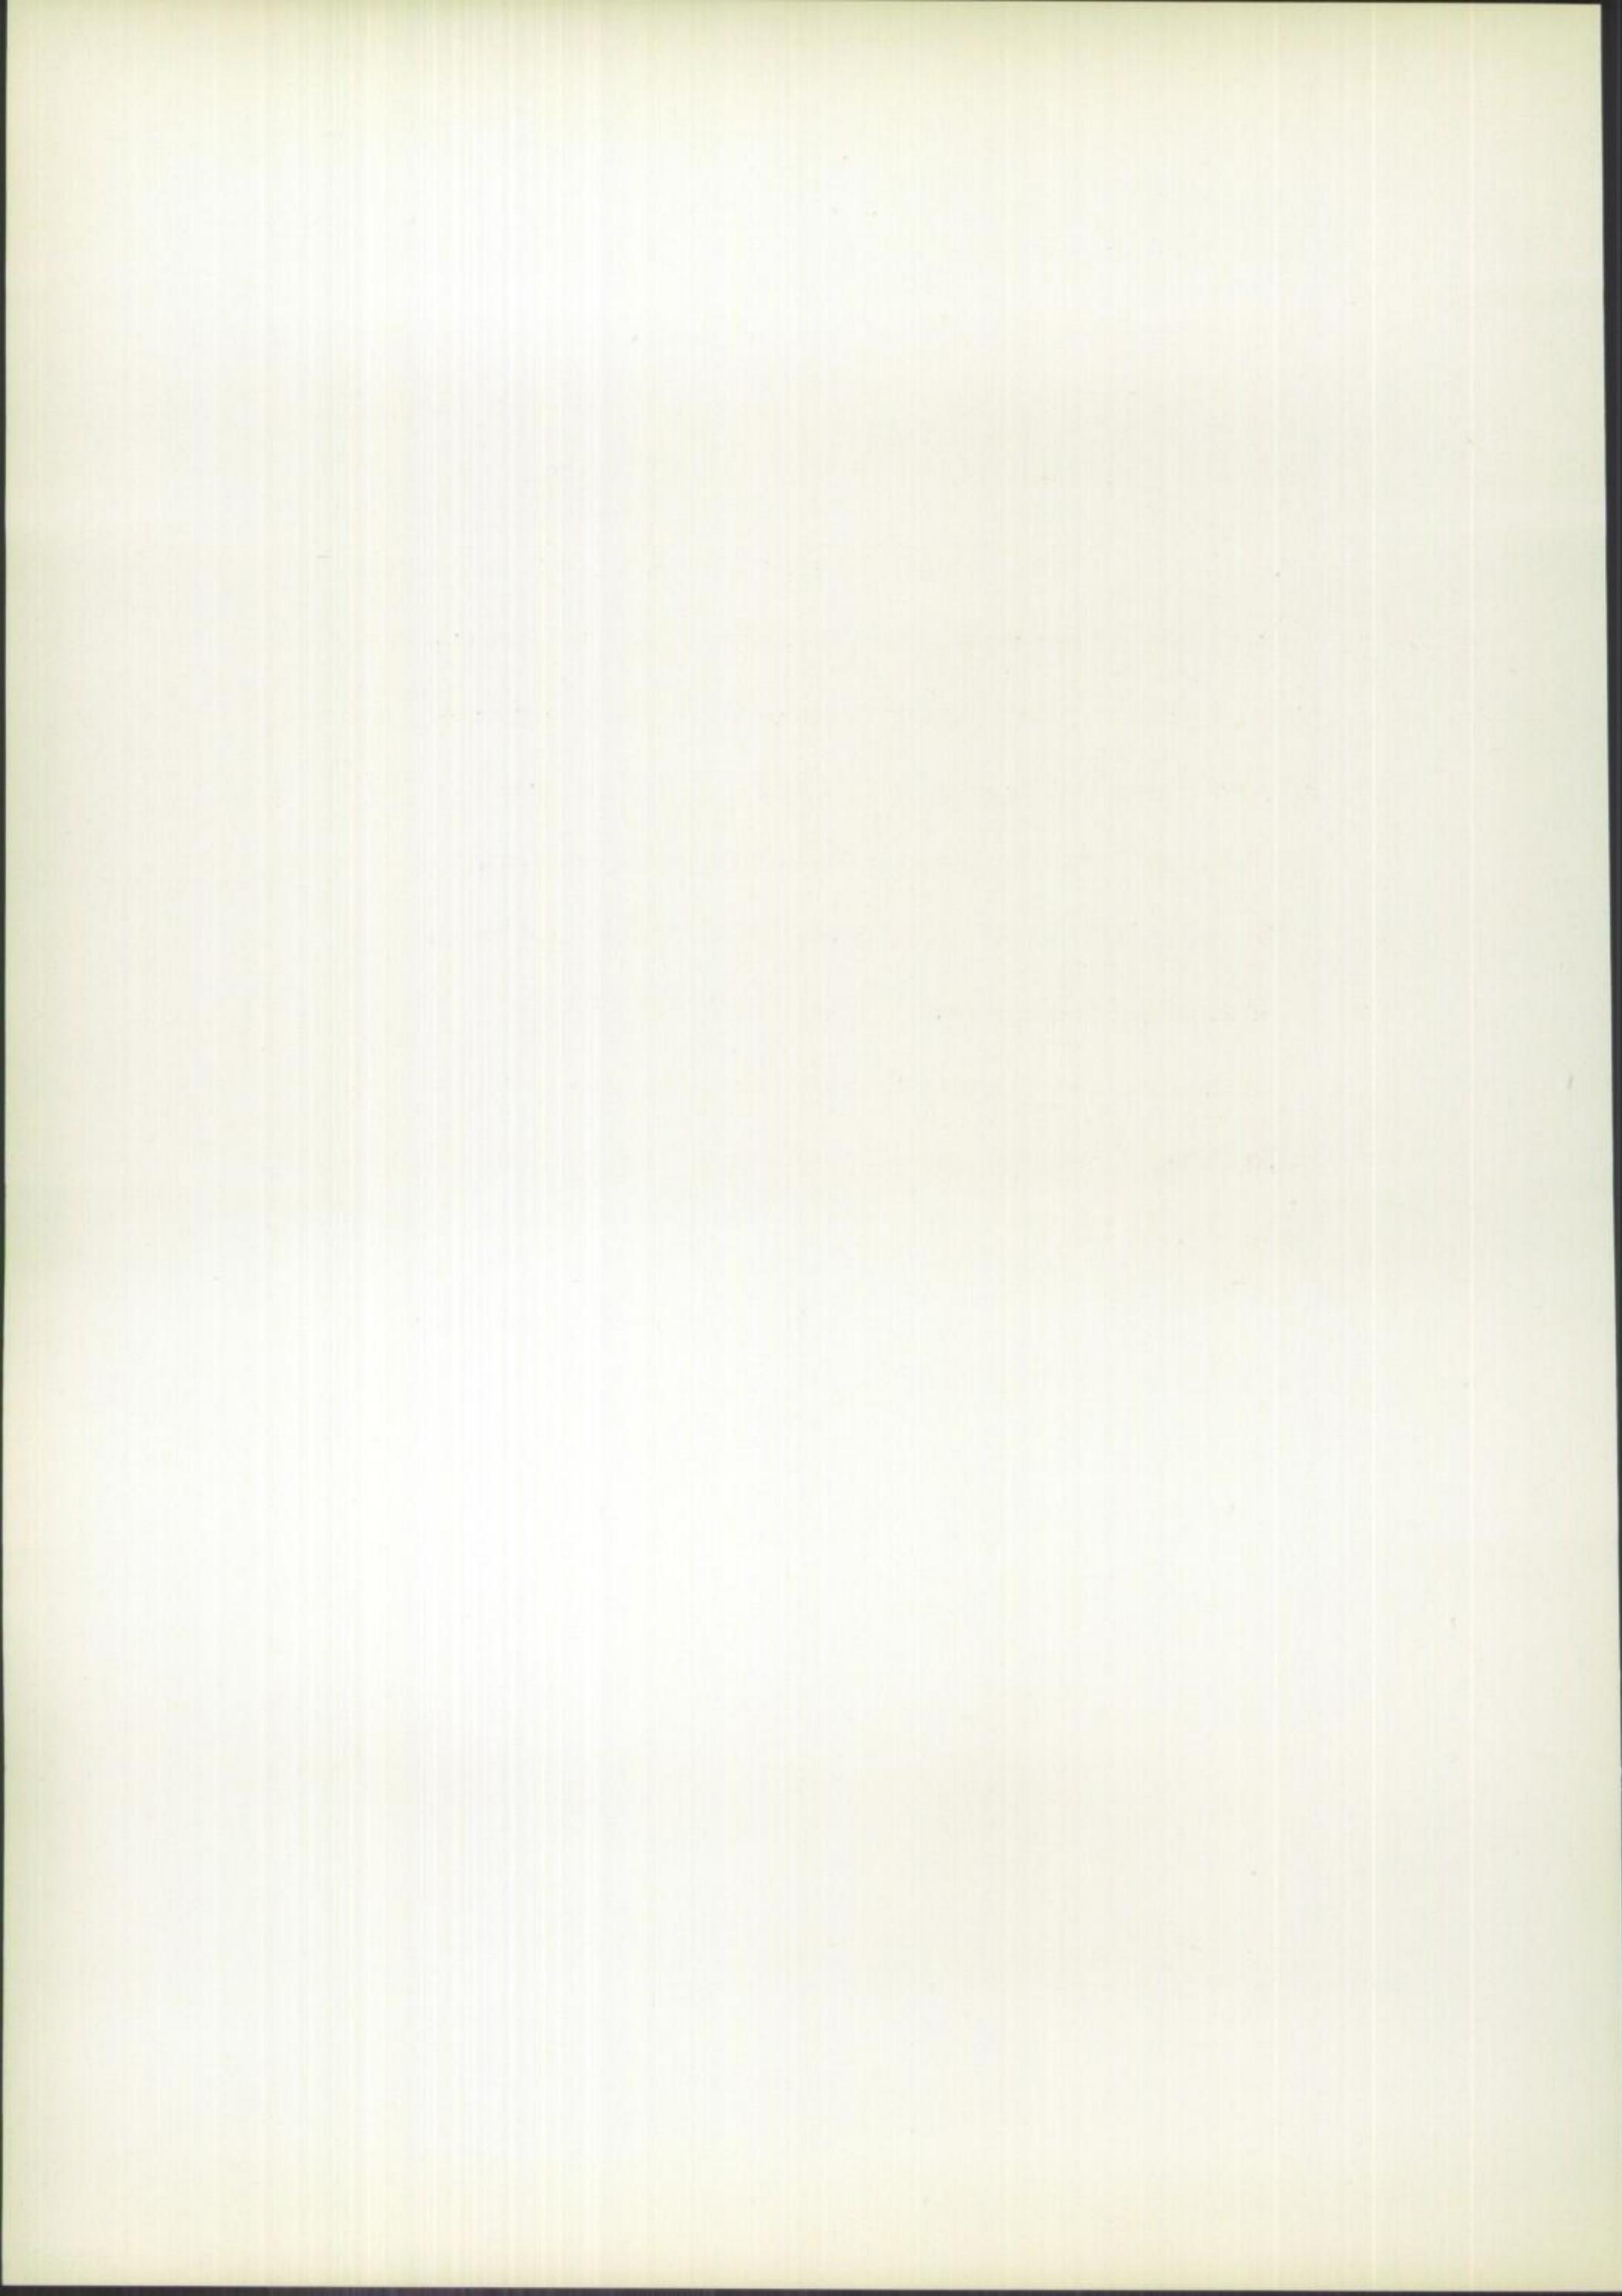

It's time to close the door on this year, but we can do it with a smile, for we know our memories can be revived each time we open this book. Open it often — today, tomorrow, twenty-five years from now. And may we realize that these years . . . perhaps "the best years" . . . have also been the formative years, the basic pattern for our lives.

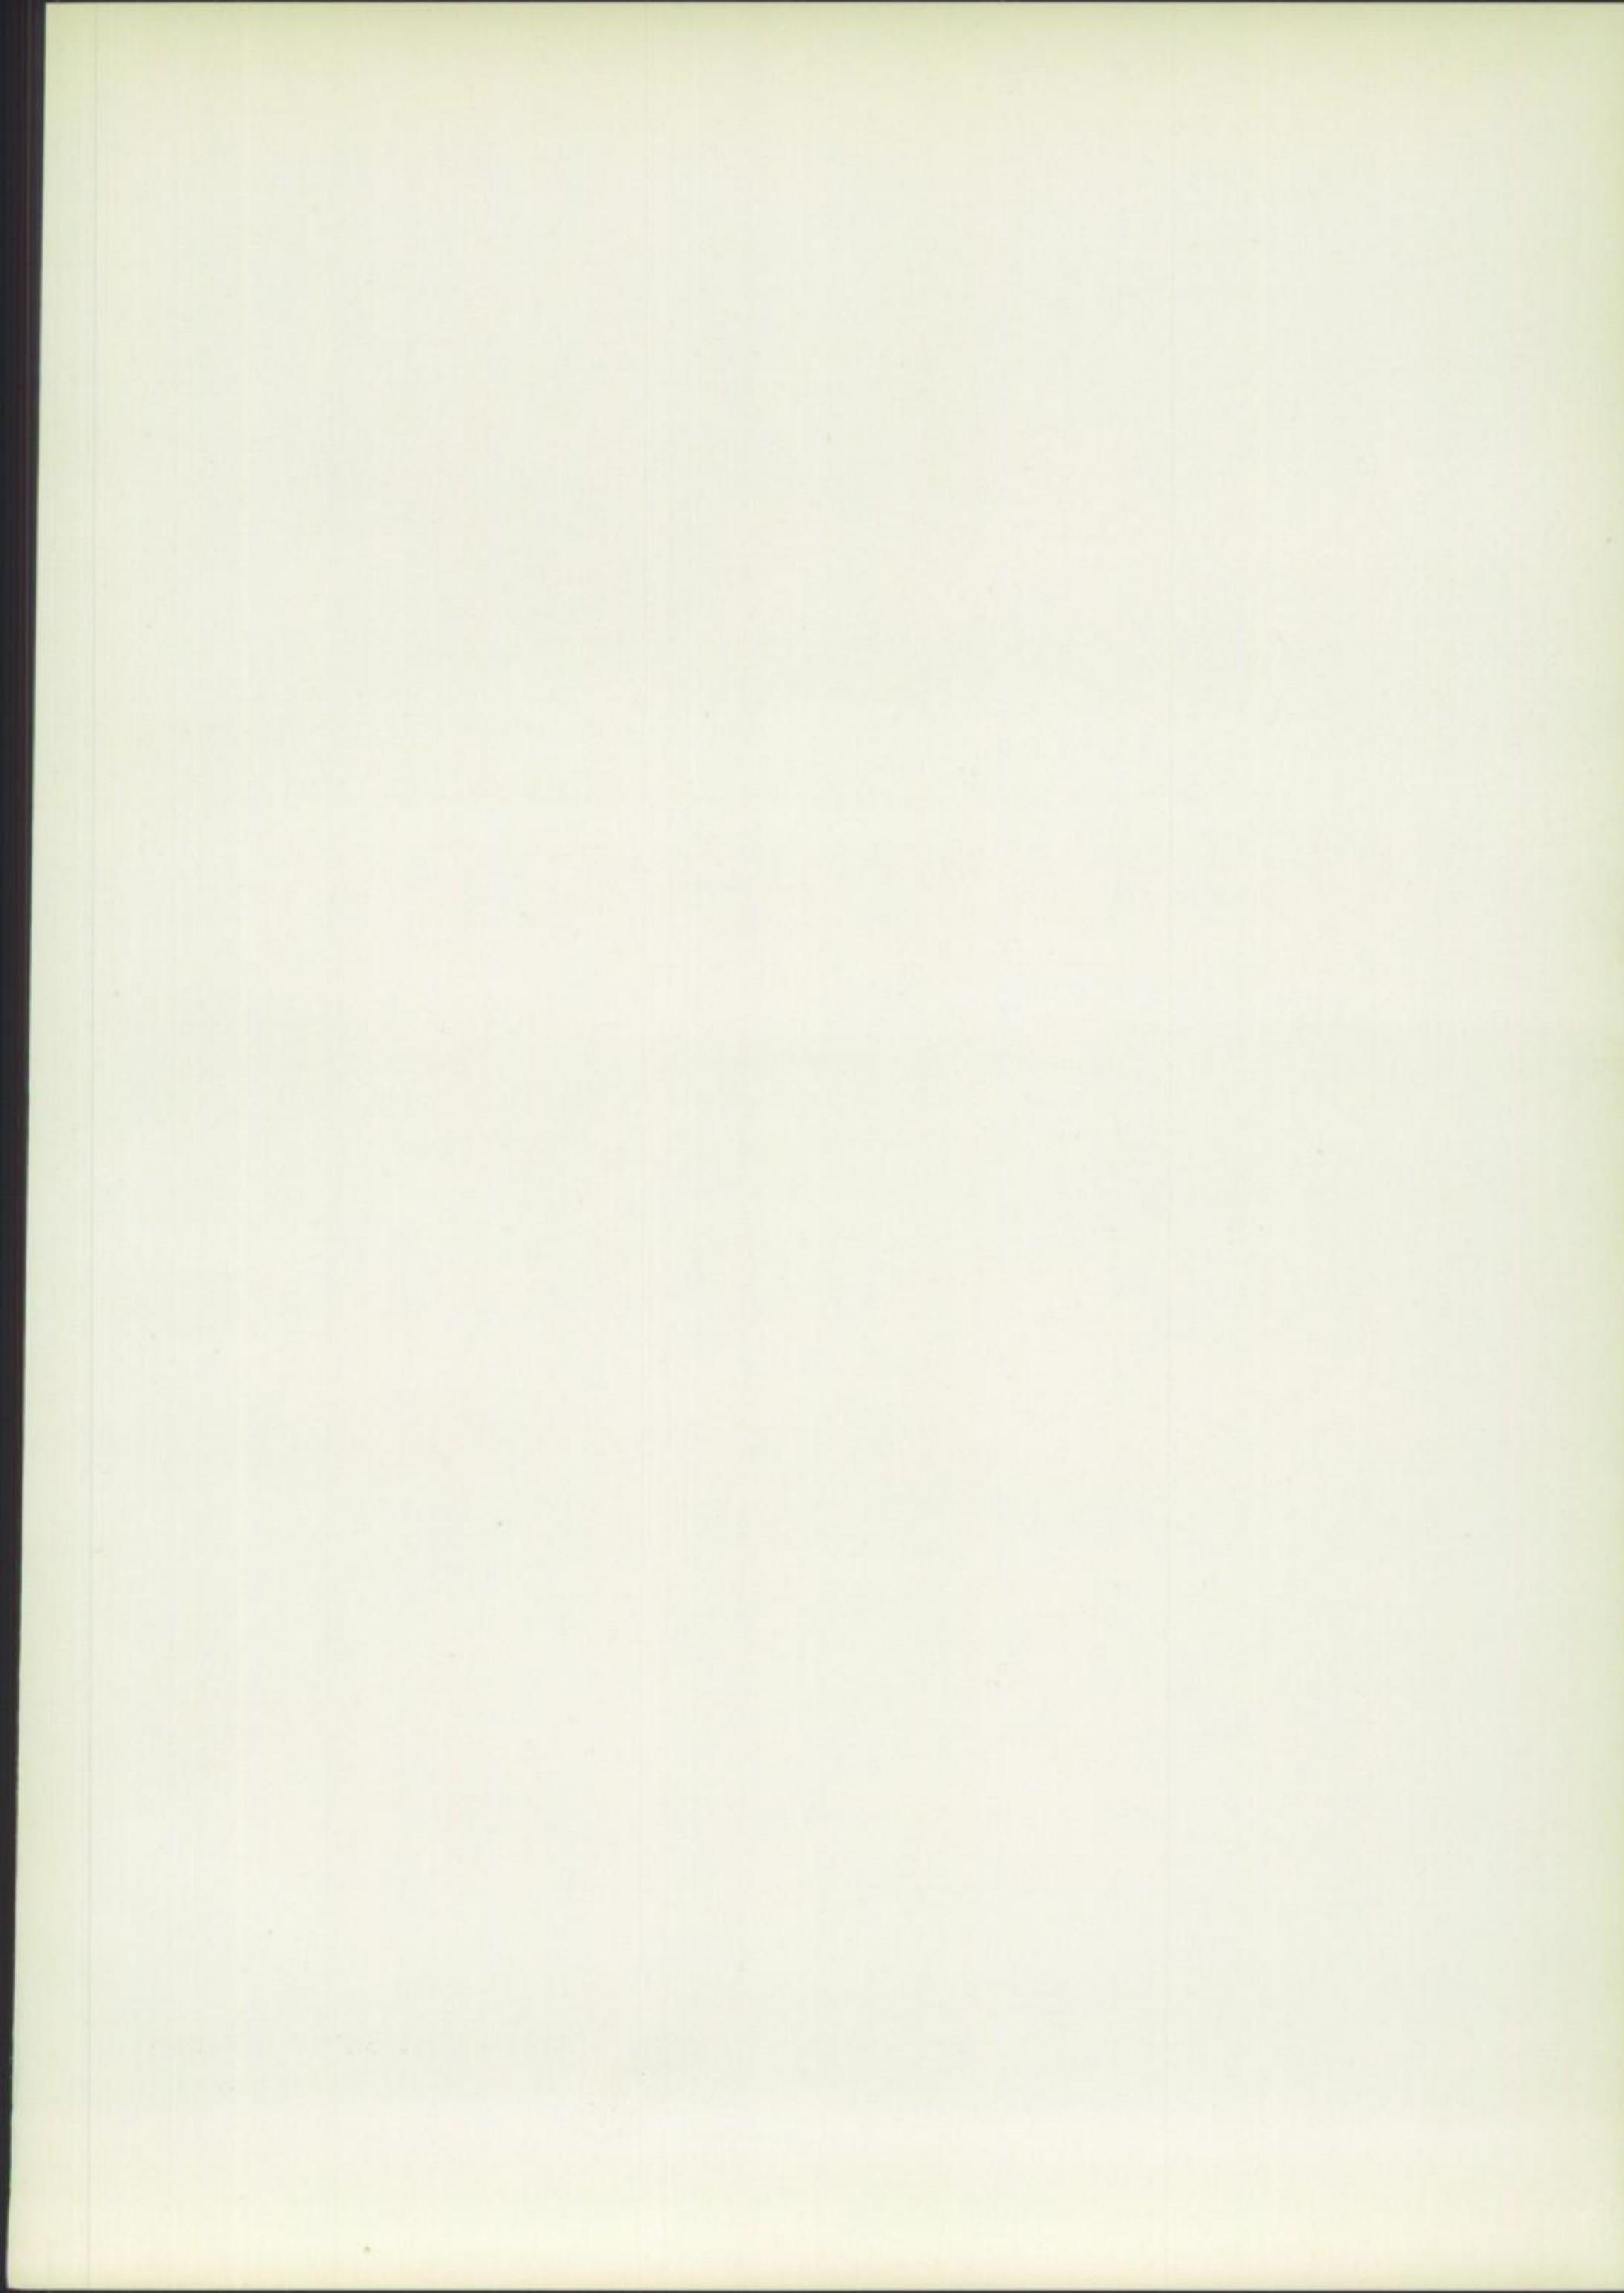

To — Mr. O'Donnell — We'd like to say thanks for the privilege of organizing these memories.

To the Seniors — Congratulations, good luck, and so long!

To those of you who are left — Keep on making these "the best years of your life"!
